

VIENNA FLOOR LAMP ASSEMBLY INSTRUCTIONS

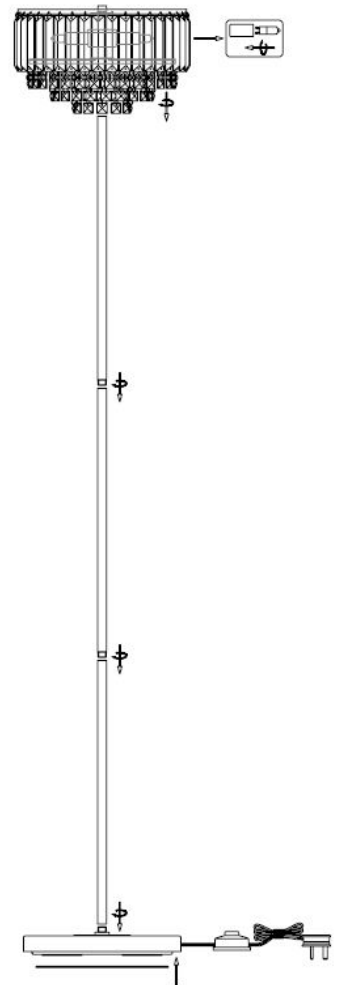

These instructions are provided for your safety.
Please read carefully before commencing work and retain for future reference.

SAFETY INFORMATION

- * The supply cable runs through the inside of this product. Take care not to place undue stress on the cable whilst unpacking to prevent the possibility of a poor connection.
- * If you are in any doubt consult a person competent to give advice on the assembly of electrical equipment.
- * Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Do not exceed wattage stated.
- * If the external flexible cable of the lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- * To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instructions before assembly.
- * When changing the bulb, always unplug from the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- * This fitting is designed for use with self-shielded tungsten halogen lamps only = 
- * **If moving the floor lamp always carry it from the base. Do not lift the floor lamp by the stem only as damage may occur**

ASSEMBLY INSTRUCTIONS

1. Unpack the product and remove all packaging. Be careful not to scratch the surface of the product whilst removing the plastic wrapping.
2. Lay the product out on the floor. If the floor is not carpeted please cover it with a soft cloth to avoid damage to the flooring and surface of the product. Assembly should take place with the product lying flat.
3. It may be necessary to remove protective packaging (plastic / cardboard) located at cable entry points of the product.
4. Screw the **upper pole** onto the **decorative shaded head** of the item ensuring that the head is kept still and that the pole is threaded on ensuring that the cable does not twist.
5. Screw the **middle pole** onto the **top pole** with the shaded section attached. Hold the head still and only rotate the middle pole so as not to twist the internal cable.
6. Screw the **lower pole** onto the **middle pole** with the shaded section attached. Hold the head still and only rotate the lower pole so as not to twist the internal cable.
7. Gently pull the excess cable out of the base until the **assembled poles** meet the base.
8. Turn the **base section** onto the other sections. Keep the poles parallel to avoid cross threading. Keep the **upper poles** stationary and only rotate the **base section**.
9. Ensure all of the excess cable is removed from the base.
10. Stick the foam pad onto the base of the product to protect the floor when in use.
11. Stand the floor lamp upright and ensure all the assembled parts are fully tightened.
12. Fit bulb: type and wattage as indicated on fitting. **The wattage indicated must not be exceeded.** Use only self shielded bulbs.  Do not touch halogen bulbs with bare hands as this will shorten their life.
13. Floor lamp is now ready for use.

GENERAL INFORMATION

This product is designed for internal use only. **Do not use polish or abrasive cleaner – just a soft dry cloth.**
