CURVED TELESCOPIC FLOOR LAMP (BASE ONLY)

These instructions are provided for your safety.
Please read carefully before commencing work and retain for future reference.

SAFETY INFORMATION

- * If the flexible cable of this product is damaged it should be exclusively replaced by the manufacturer or a similar qualified person in order to avoid a hazard.
- * To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instruction before assembly.
- * This floor lamp is fitted with a 3 Amp fuse and is suitable for 240 Volt ring mains.
- * Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Never exceed the wattage stated.
- * When changing the bulb, ensure product is unplugged and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- * **2.0Kg MAX SHADE WEIGHT.**

ASSEMBLY INSTRUCTIONS

1. Unpack the product and remove all packaging. Be careful not to scratch the surface of the product whilst removing the plastic wrapping.
2. Lay the product out on the floor. If the floor is not carpeted please cover it with a soft cloth to avoid damage to the flooring and surface of the product. Assembly should take place with the product lying flat.
3. Remove protective packaging (plastic / cardboard) located at cable entry points of the product.
4. Screw main stem into the floor lamp base, take care not to cross the thread, if in doubt undo and start again. ①
5. Stand floor lamp upright then undo the knurled nut top of main stem then pull out smaller inner stem. ②
6. Gently pull cable out of the curved lighting head until bottom of curved stem meets inner stem. Please ensure curved stem is held still whilst only rotating the inner stem and take care not to cross thread. ③ **If in doubt undo and start again.**
7. Adjust floor lamp height to required position ④ then use knurled nut to tightening lock the stem. ⑤ **Please do not use any tools**, hand tightening is all that is required, if stem slides down, wipe stem clean.
8. Make sure assembled sections are fully tightened, curved stem is positioned front centre of the base. **Failure to observe this will make this product unstable.**
9. Remove shade ring from lampholder, fit shade and then secure using shade ring. **OBSERVE 2.0Kg MAX.**
10. **Fit bulb**, type and wattage as indicated in the floor lamp. **The wattage indicated must not be exceeded.**
11. Floor lamp is now ready for use.

GENERAL INFORMATION

This floor lamp is designed for internal use only.
Do not use polish or an abrasive cleaner - just a soft dry cloth.
