

ASSEMBLY INSTRUCTIONS

1. Unpack the floor lamp and remove all packaging. Be careful that you do not scratch surface of the stems whilst removing plastic wrapping.
2. Cover floor with a soft cloth to avoid damage to the flooring and surface of the product then lay this product out on the floor. Assembly should take place with the product lying flat.
3. Where required remove the plastic / cardboard cable protectors that are fitted at cable entry points inside stems and floor lamp base.
4. Firmly hold the lamp holder section and then screw middle stem into the upper section together, taking care to hold stems parallel to avoid cross threading. **If in doubt undo the stem and start again.**
5. Hold assembled stems firmly and screw lower stem into the assembled stems. Make sure that the threads do not become crossed. **If in doubt unscrew stem, then start again.**
6. Gently pull the excess cable out of lower stem until it meets assembled stems. With the product laid on a covered surface attach the base onto assembled stems. Make sure that the threads do not become crossed. If in doubt unscrew base, then start again. **Take care not to over tighten.** Stand the floor lamp upright and ensure all assembled sections are fully tightened, take care not to over tighten.
7. **Fit bulb:** type and wattage as indicated on product. **The wattage indicated must not be exceeded.** Use LED or self-shielded halogen bulbs.  Do not touch halogen bulbs with bare hands, as this will shorten their life.
8. Fit outer glass onto lampholder, fit rubber washer then screw round glass onto lampholder until rubber washer has slight tension. **Take care not to overtighten the glass.**
9. Your floor lamp is now ready for use.

GENERAL INFORMATION

This floor lamp is designed for internal use only.

Do not use polish or an abrasive cleaner - just a soft dry cloth.

SAFETY INFORMATION

- * The supply cable runs through the inside of the fitting. Take care not to place undue stress on the cable whilst unpacking to prevent the possibility of a poor connection.
- * If the external flexible cable of the lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- * If you are in any doubt consult a person competent to give advice on the assembly of electrical equipment.
- * To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instructions before assembly.
- * Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Do not exceed wattage stated.
- * This product is designed for use with G9 LED or self-shielded tungsten halogen lamps. 
- * When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of old bulbs carefully.
