

ASSEMBLY INSTRUCTIONS

1. Unpack the floor lamp and remove all packaging. Be careful that you do not scratch surface of the stems whilst removing plastic wrapping.
2. Cover floor with a soft cloth to avoid damage to the flooring and surface of the product then lay this product out on the floor. Assembly should take place with the product lying flat.
3. Where required remove the plastic / cardboard cable protectors that are fitted at cable entry points inside stems and floor lamp base.
4. Firmly hold the lamp holder section and then screw the middle stem into the upper section together, taking care to hold stems parallel to avoid cross
5. Firmly hold the lamp holder section and then screw the lower stem into the upper section together, taking care to hold stems parallel to avoid cross threading. ② **If in doubt undo the stem and start again.**
6. Screw the assembled floor lamp onto the base then, make sure all assembled sections are fully tightened, take care not to over tighten. ③
7. Lay the floor lamp onto its side then use the spanner provided to position the lighting head directly in the middle of floor lamp base. ④ This is important to stabilise this floor lamp.
8. Gently pull the excess cable out of the base. ⑤ Stand the floor lamp upright and ensure all assembled sections are fully tightened, take care not to over tighten.

NO ASSEMBLY IS REQUIRED FOR THE TABLE LAMP

9. **Fit bulb** using the tool provided, type and wattage as indicated on product. ⑥ **The wattage indicated must not be exceeded.**
10. Your floor lamp is now ready for use.

GENERAL INFORMATION

This floor lamp is designed for internal use only.
Do not use polish or an abrasive cleaner - just a soft dry cloth.

SAFETY INFORMATION

- * The supply cable runs through the inside of the fitting. Take care not to place undue stress on the cable whilst unpacking to prevent the possibility of a poor connection.
- * If the external flexible cable of the lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- * If you are in any doubt consult a person competent to give advice on the assembly of electrical equipment.
- * To prevent electrocution switch off at the mains supply before assembling or maintaining this fitting. Ensure the plug is not connected to any power supply and read instructions before assembly.
- * Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Do not exceed wattage stated.
- * When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of old bulbs carefully.
