

PRODUCT SPECIFICATION

Charge Voltage:	5 Volts DC Charge cable provided USB-A to USB-C
Lamp Type:	LED (replaceable by a professional)
Material:	Metal / glass / fabric shade
Battery Type:	Li-on Lithium ion 2000mAh (2000mAh x 1) (replaceable by a professional)
Battery Life Expectancy:	Approx. 3 years - dependent on conditions
Battery Charge Time:	Fast-Charge (10 watts) approx. 3 hours. Standard charge (5 watts) approx. 6 hours
Usage Time:	Approx. 6-7 hours from fully charged. (100 % brightness)
IP Rating:	N/A
Light Output LED:	161Lm, 2900K
Parts Included:	USB-A to USB-C Charge cable. (Other proprietary cables may not work with this product)

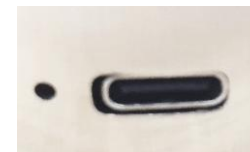

ATTENTION!

- * LED unit is supplied and fitted with Li-ion battery.
- * LED circuit board and battery units are replaceable by a professional
- * If the charge cable is damaged, it must be replaced.
- * Improper opening of the device, tampering or changes to the product will invalidate the warranty.
- * Use only the recommended USB power source and adaptor.
- * We recommend charging this LED product indoors.
- * Do not submerge this LED product in water.
- * When not in use, ensure the USB charging socket does not get filled with debris or get wet, and use the cover where provided.
- * Do not subject LED product to excessive heat, particularly at the top where the battery is situated.
- * If the battery drains quicker than previously after a full charge, this would indicate it might be reaching the end of its useful lifespan.
- * This product contains a light source(s) of energy efficiency class. 
- *  This product contains LED circuit and Li-ion battery, dispose of these safely at their end of life.
 Please obtain disposal advice from your local authority.

OPERATION

- Before use, charge the battery fully.
- Plug the USB-C charge cable into the USB-C port. Whilst charging, the small window next to the port LED light will illuminate red.
- When the charging process is complete, the small window next to the USB-C port LED light will illuminate green. The charge cable can now be safely removed. Charging time will depend on how much charge was in the battery before charging started.
- Press the push button located at the front of this product, then release.

Stage 1 touch – **10%**

Stage 2 touch – **50%**

Stage 3 touch – **100%**

Press again to switch - **OFF**

BATTERY SAFETY PRECAUTIONS

- The battery must only be charged using a USB charger (standard or Fast-Charge)
- The product may only be charged with USB-A to USB-C charger lead. (supplied)
Important: Some proprietary charge cables may not be compatible for use with this product.
- Do not attempt to disassemble, alter or apply heat to the battery!
- In case of leakage, do not allow liquid to come into contact with skin. If liquid is spilt on clothes or skin, immediately wash off with water.
- Should skin problems occur after handling this product, contact a doctor.
- Always unplug the LED unit from the charger when it is fully charged or when not in use.
- When the product is stored under 25 degrees Celsius, it can be left for up to 5 months. If left for longer than this period, charge it fully again.

To maintain a longer battery life, we recommend you allow the battery to deplete at least once a month and then fully charge it before use.

TROUBLE SHOOTING

Should you experience any difficulties, check the fault types below:

FAULT	POSSIBLE CAUSE	SOLUTION
Unit does not work	• LED unit might have been switched off. • Battery depleted.	• Make sure switch located on the top of the light is depressed to switch it on. • Charge the battery using USB A to USB-C lead supplied and allow the LED light to turn green.
Battery not taking charge	• Battery depleted. • Connection issue	• Connect the charge cable and plug this into USB charger and make sure the charge indicator is illuminated. • Unplug the charge adaptor and reconnect.
Battery gets depleted quickly.	• Battery might not have been fully charged as assumed.	• Ensure the battery is fully charged and the charge indicator shows green. • It may be that the battery is coming to its end of life.
